(Push bumper not included)

PUSH BUMPERS & IMPACT RESISTANT FENDERS

Setina Heavy Duty Push Bumpers and Fender Protectors are designed for quick, easy installation. 40% lighter weight, high strength aircraft grade aluminum satisfies the automakers' concerns on front and weight limitations. Three-stop, OEM approved primer and exterior finish meets automakers' specifications for maximum durability.

BODYGUARD PB450-L

Setina's PB450-L Series Push Bumper is the latest technology in push bumper design. The integrated LED lights are recessed into the push bumper for front end lighting placement and light protection.

PB450-L "SIDE LIGHTING"

Recessed side LED lights mounted at a 30 degree angle for maximum forward and off-angle visibility.
